

## LOCAL RULES

## GENERAL INFORMATION

### COURSE AMENITIES

- Sprinkler head distance measurements are in metres to the centre of the green
- Fairway distance markers are at 200m (Yellow), 150m (Blue) and 100m (Red) to the centre of the green
- Player restrooms and water coolers are located adjacent to the 5<sup>th</sup> and 15<sup>th</sup> tees

### BLUE LINE EXCLUSION RULE

- Do not cross the Blue Lines. Where the cart sign points towards the cart path, return to cart path before the sign, or if no sign is present, at the Blue Line painted on the path and remain on the path until the next tee
- If Blue Lines are not visible, remain at least 10 metres from greens at all times. On holes where it is permitted to drive to the side of the green (i.e., where cart sign points away from the cart path), stay in the rough area and do not drive on closely mown areas
- Carts are to strictly remain on paths on the 4<sup>th</sup>, 12<sup>th</sup> and 16<sup>th</sup> holes as per signs on paths. (On the 16<sup>th</sup> hole, cart access is permitted to the bunkers on the Right side of the green via the back of the green only. Stay more than 10 metres from the bunkers and stay in the rough area but DO NOT drive beyond the front of the bunkers/garden bed)

### MOTORIZED CART/SCOOTER USE

- Obey the Blue Line Rules above
- Park completely on paths (especially at tees and around greens). DO NOT park with 2 wheels off the path. All paths are wide enough for 2 buggies to pass whilst remaining on the path. The drinks cart and maintenance machinery will manoeuvre around you as required
- Avoid any wet/low areas on the course
- The '90 degree Preferred' rule is in place at all times. This means that wherever practical, you drive down the cart path, out to the ball, then return to path; at all times avoiding any wet/low areas on the course. In the event of a very short (duffed) hit, players are permitted to drive directly along an elevated section of fairway to their ball, prior to returning to the cart path

- On 'CARTS ON PATHS ONLY' days – DO NOT drive off the cart path at any time
- Remain 5 meters from Red Penalty lines marking wetlands and waterways. DO NOT drive along edges of red penalty lines adjacent to waterways and wetlands
- DO NOT drive between bunkers and wetlands/waterways
- Always park Carts on the cart path towards the rear of greens, avoid ever having to walk off the front of a green in order to not hold up play

### PULL BUGGIES/ELECTRIC BUGGIES

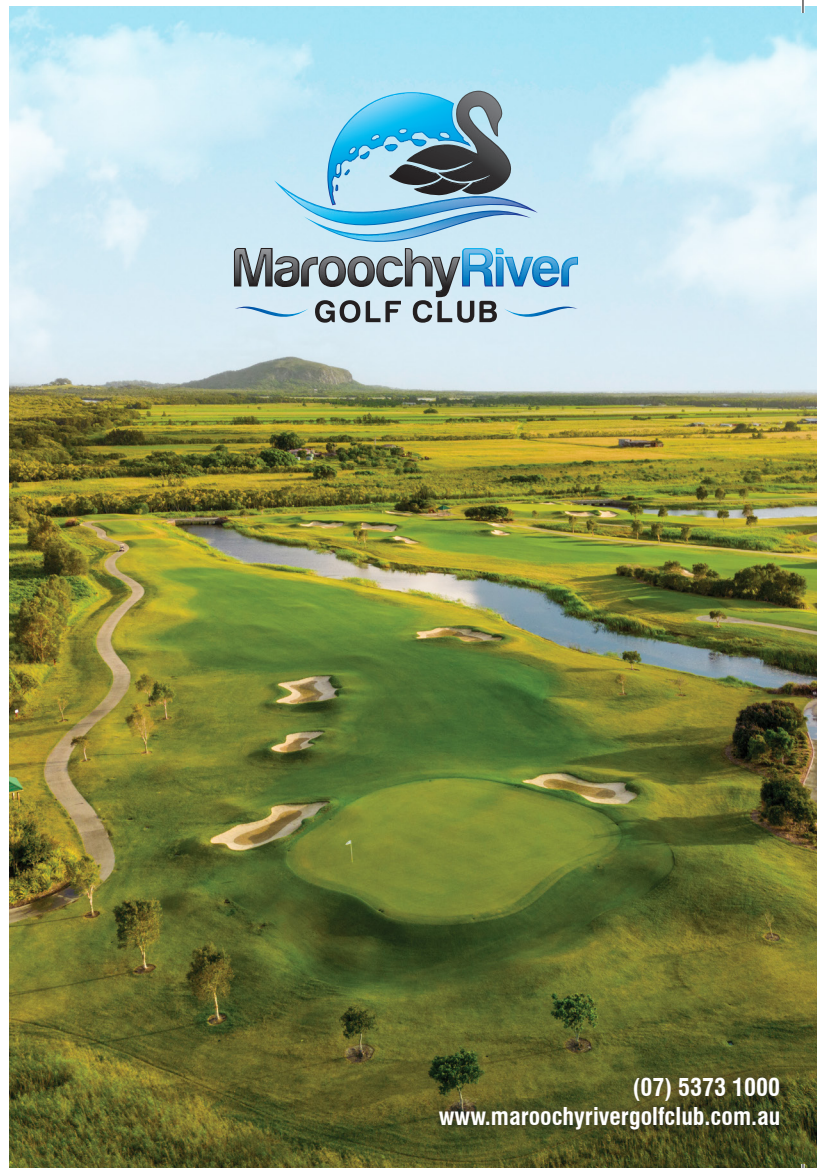

- Buggies are permitted to cross greens. Avoid parking buggies on greens where possible
- Never park buggies in front of greens. Always position your buggy so that you can exit in the direction of the next tee

### COURSE CARE

- Sand buckets – must be carried and used by all players to repair divots
- Pitch Marks – should be located and repaired using an appropriate pitch repair tool
- Bunker Maintenance:
  - Always enter and exit bunkers via a 'low point', never via a bunker face
  - Rake and smooth your divot and all footprints as you exit the bunker
  - Always replace rake entirely within the bunker, on a flat area, adjacent to a 'low point', and pointing in the direction of play on the hole
- Report any damage to the course, fixtures or amenities to the Pro Shop immediately

### PACE OF PLAY

- Observe the R&A 'Ready Golf' principles outlined on the Match Noticeboard
- Your responsibility is to keep up with the group in front
- The low marker in your group is responsible for the overall pace of the group
