A BRIEF HISTORY

Our club has a rich history and was born in 1950 as the Horton Park Golf Club in Maroochydore, Queensland. It started as a nine-hole golf course on land gifted to the people of Maroochydore by Mr Robert Horton.

Over the next six decades and more, Horton Park went through the growing pains of most golf clubs: depending heavily on volunteers and donors, going through financial crises, floods, etc.

But it also enjoyed more than its fair share of good times, seeing numerous enhancements to what was a popular 18-hole layout and improvements to the off-course facilities, such as the building of a new clubhouse. Through the persistence of the members it was named Queensland's Regional Golf Club of the Year in 2005.

The relocation of Horton Park Golf Club was brought about by the spectacular growth of the Sunshine Coast as the Club now found itself situated on land that local government needed for the establishment of Maroochydore's new CBD. A move became inevitable.

After lengthy negotiations with the Sunshine Coast Regional Council a resumption agreement was drawn up in 2011 for its 53-hectare site with a view to redeveloping this prime land.

The hunt was on for a new home and, after an extensive and exhaustive search, our current site was identified, and Graham Marsh enlisted to work his magic and turn what were once cane fields into the magnificent course you find today.

Horton Park Golf Club was much loved by its members and will forever have a place in the hearts of everyone who played there.

We now welcome you to our magnificent new home, the Maroochy River Golf Club, and invite you to come and play a part in writing the next exciting chapter in the history of our great Club.

THE COURSE

Designed by renowned golf course architect and Australian golfing legend Graham Marsh, the 18-hole layout at Maroochy River Golf Club is a spectacular addition to the Sunshine Coast golfing scene.

Opened for play in June, 2015, the course perfectly blends risks and rewards to match the differing abilities and ambitions of the individual player.

After starting out as a raw, bare and exposed layout wide open to the elements, Maroochy River has definitely come of age.

Today the golf course certainly looks and plays differently and is thriving beyond the dreams of the club's board, management and members. It has matured beautifully and is described by members and visitors alike as "awesome".

Of course, any course that carries the Graham Marsh designer label demands a certain amount of recognition and his layout here has made more than a solid start.

Profoundly different to any other course in Queensland, the layout winds its way through strategic waterways and wetlands. In the tradition of Marsh courses, Maroochy River is an examination worthy of the very highest level.

Each hole rewards safe play when approaching greens but also tempts the adventurous to squeeze a few more yards to avoid the carefully placed bunkers and save a shot. No more is this choice more evident than on the closing hole, which necessitates a carry over water to find the green.

The waterways and feature walls snaking through much of the course and the undulating terrain make for a stunning visual feast, while clusters of bunkers and bunker islands break up the fairways.

In the distance, the distinctive landmark of Mt Coolum dominates the skyline, keeping an imposing eye on play.

While not a links course in the true sense of the word, it has a links feel, and the exposed layout means that golfers will be called upon to use their full repertoire of shots, particularly when the wind is blowing.

Reviews so far from the great and the good have been favourable. Of equal importance is that our members love it!

Since opening, Maroochy River Golf Club has hosted 8 State Championships and 2 national Championships – the 2017 Australian Women's Senior Amateur Championship and the 2019 Australian Men's Senior Amateur Championship.

In 2021, the PGA chose Maroochy River as the home of the Queensland Senior PGA Championship.

All the hard work paid off in January 2019 when the course made its debut at #65 in Australia's Top 100 Public Access Courses, a great achievement for a course just over 3 years old.

In January 2024, Maroochy River was named in Golf Australia magazine's Top 100 Golf Courses. We currently sit at #71 on that list, moving up seven spots since our debut in 2020.

Designer Graham Marsh imparted some wise words when he attended our official opening. "You must get on the right tee," he said. "While it's a great ego trip to be going back and playing the harder tees, don't extend the hole any longer than you have to. Play on the tee that suits your game."

The course is a 6,441-metre par-72 test for men, with two par-3s and two par-5s on both the front and back nines. Women play a no-less enthralling layout measuring 5,312 metres. With a scratch rating of 74 for men (two over par) off the black tees and 73 for women (one over par), it is clear this is a true test of golf.

You can see a detailed Hole by Hole guide on our new Maroochy River Golf Club app, which is available for download from iTunes and Google Play. In the meantime, if you want something more to whet your appetite before you book your tee-time (which you can now do online) check out the video flyovers of each hole on our website, maroochyrivergolfclub.com.au

COURSE TOUR

We hope you enjoy your time at Maroochy River Golf Club. Here are a few useful tips and course notes which should help you make the most of your round if you have never visited us before. Distances shown are from the men's black tees.

Hole 1, 379 metres, par 4

The drive needs to be on the left side of the fairway to have a good approach to the green and avoid playing over the large bunker guarding the front-right of the green. Long hitters beware, anything more than a gentle draw from the tee will find the water left.

Hole 2, 346 metres, par 4

Best play is to lay up short of the bunker, leaving a shot of around 100m to the green. The green slopes from back to front. Anything past the flag will leave a speedy downhill putt.

Hole 3, 410 metres, par 4

Bunkers guard both sides of the fairway so you need to hit it straight and lay up short of a stretch of rough starting around 130m from the green. The approach is into a raised green with a large hollow in the front left and steep drop-offs on the sides and back.

Hole 4, 130 metres, par 3

Normally plays into the wind. Club selection is vital on this hole. Anything short will nearly always find one of the front bunkers; anything left or long will more often than not end up in bogey.

Hole 5, 540 metres, par 5

Very intimidating from the tee as all you can see are bunkers, but once on the hole, you realise it is nowhere near as bad as first thought. A good drive will leave you within reach of the green but the second shot must be accurate, as the narrow raised green has deep bunkers either side.

Hole 6, 305 metres, par 4

Great chance of birdie. Long iron or rescue off the tee avoiding the fairway trap will leave a short shot in. Longer hitters will be able to get on or very close to the green. Two-tiered green with some subtle breaks can easily lead to a three-putt.

Hole 7, 515 metres, par 5

Great par 5 which, for the brave-hearted, can be reached in two. The drive needs to be straight to avoid the cross bunkers. The second shot can be laid up short of the bunker 80m from the green or a good smack can get there, but beware the water and rock wall on the left.

Hole 8, 200 metres, par 3

Depending on the wind, can play anywhere from a 7 iron to a 3 wood. From the tee the bunkers on the right-hand side look like they are greenside but are actually 20 metres short of the green. Best to hit one more club, anything short left will find the bunker or the water.

Hole 9, 380 metres, par 4

Strong hole to finish the front nine. Water left and bunkers right guard the fairway, while the big wide, shallow green makes it difficult to get close. Front bunker guards the green. Don't go for the flag if it is behind the bunker.

Hole 10, 390 metres, par 4

The tee shot needs to avoid the bunkers on the right, while bunkers short left and a large trap on the right of the green will catch an off-line approach shot. The green slopes from back to front so anything past the pin will leave a quick downhill putt.

Hole 11, 508 metres, par 5

Avoid the bunkers down the middle and on the left. Most players will take three to reach the green, but long hitters may get there with a long iron or rescue to the green. The green is raised with steep slopes off the left and behind as well as bunkers left and right guarding the green.

Hole 12, 136 metres, par 3

Long green surrounded with bunkers, the trick here is club selection. If the flag is front it's easy to come up short and you are likely to run back down the slope into the water, so add one more club for a short pin.

Hole 13, 403 metres, par 4

Good par 4 with water all the way down the left. Fairway bunker on the right needs to be avoided to have a chance of reaching the green in two. Looks straightforward from the tee, but a loss of concentration here can lead to a double or worse.

Hole 14, 412 metres, par 4

Another strong par 4. No fairway bunkers, but water runs the whole length of the fairway left. The green is small and well bunkered and anything left will leave a difficult up and down.

Hole 15, 292 metres, par 4

Drivable par 4, with a small pot bunker guarding the front of green. The green is banana-shaped which can lead to some fun if you end up on the wrong side of the flag.

Hole 16, 182 metres, par 3

The right front half of the green on this tough short hole is very well guarded by bunkers. The landing area is narrow and anything long will leave a difficult chip, so if you are going to miss, it's better to be short.

Hole 17, 514 metres, par 5

Water runs the whole length of the right-hand side, making it difficult if the wind is blowing from the left. Best bet is to play this as a three-shotter and lay up between the two fairway bunkers on the right to leave a short iron into a two-tiered green.

Hole 18, 399 metres, par 4

Great finishing hole. Water all the way down the left, wide fairway and not a bunker in sight, but if you want to reach the green in two you better make sure you get it a long way down the fairway as a 20-metre wide creek runs across the fairway in front of the green. If in doubt, lay up!

COACHING & GAME IMPROVEMENT

Think all golf coaching is the same?
Think again. Here at the Maroochy River
Golf Academy we've taken game
improvement to another level.

The Centre is home to our high performance studio, which features some of the latest technology including Trackman. There are two indoor/outdoor hitting bays, two indoor simulator rooms and an indoor putter fitting studio.

Bottom line? The technology and accompanying video analysis helps the coach identify the fault to be corrected. The student, meanwhile, can instantly see what is being asked of them and can more readily picture what is needed to make the change.

It is a fantastic learning tool and superb as a means of coach and student monitoring a player's performance through swing changes and other issues.

Maroochy River is proud to be a signatory to the R&A Women in Golf Charter. We are an all-inclusive, forward-thinking club that is committed to growing the game. Nowhere is this more evident than in our superb program for juniors and our Girls Into Golf (GIG) initiative that is designed to introduce women to the game.

Whether just starting out or returning after an absence, the program provides a stepping stone towards the goal of playing competitively. GIG currently has a membership of more than 80 fabulous and fun women – and the numbers are climbing as the word spreads to other like-minded women across the Sunshine Coast.

Our program gives women the chance to learn the game at their own pace in a relaxed, female-friendly atmosphere. And, most importantly, it's great fun.

After all, what's the point of taking up a new sport if it's not enjoyable?

As you get into the swing of things, you'll have the opportunity to join Maroochy River Golf Club as a temporary member and play a 9-hole competition exclusive to GIG (conditions apply), or sign up as a full member.

Your GIG membership fee is a one-off payment and includes a private 30-minute lesson. There is no commitment to attend every week – however, you must book.

Details of the latest GIG sessions are publicised on our website, maroochyrivergolfclub.com.au

For more information regarding coaching at the Maroochy River Golf Academy, please call (07) 5457 0900.

Golfers at Maroochy River have access to everything they need to play better golf. As well as the technology accessible through the Maroochy River Golf Academy, there are magnificent practice facilities, including a superb driving range that is open from 6am seven days a week.

For those who are serious about their game (or just like hitting balls – it's a great stress-buster!) our Driving Range Membership represents terrific value and comes with a number of benefits including:

- 30% off range ball prices
- Golf lessons at Member Rates
- Social Membership to Golf Club
- On Course privilege card (minimum 5% off Golf Shop purchases)
- 150 Range Ball Credit

SPECIAL GOLF EVENTS

Maroochy River Golf Club hosts several feature golf events during the season, some of which are open to members and players from other clubs.

These tournaments always receive wonderful support, are well received by the participants and give the Club the chance to showcase its excellent facilities to a wider audience.

A new event on the calendar is our Legends Pro-Am. The Australian Legends Tour sees professional golfers aged 50 and over compete in approximately 70 tournaments throughout Australia and New Zealand. Australian Greats such as Peter Senior, Roger Davis, Peter Fowler, Peter Lonard, Brad Burns and Terry Price are all regulars on the tour. It really is an event where those who are lucky to play are thrilled to be part of.

So successful was the inaugural event in 2020, we were chosen by the PGA of Australia to host the Qld Senior PGA Championship (in conjunction with the Legends Pro-Am) in 2021, 2022 and 2023.

Other events we host each year include the Men's Maroochy River Open, the Ladies' Maroochy River Open, The Ladies' Classic and for juniors, the Maroochy River Junior Classic.

The Katherine Kirk Classic is another event we are delighted to host. Formerly the Queensland Girls' Stroke Play Championship, it is an Australian Girls Ranking Event open to girls under the age of 18.

Details of all our invitation and open events are always publicised well in advance on the Club website, maroochyrivergolfclub.com.au, and the Golf Queensland website.

JUNIOR GOLF

At Maroochy River Golf Club we continue to develop wonderful young players and help them hone skills for life. Through our Sunshine Coast Golf Academy we offer comprehensive junior programs for boys and girls as young as 4 years of age up to the age of 17, offering a structured pathway for participants to develop their golfing skills.

We are committed to turning hopeful young golfers into the best players they can possibly be, offering a safe and supportive environment in which to develop and a place where they feel welcome and can make new friends.

Juniors represent the future, both of our Club and the game of golf, and nurturing the next generation of players is rightly given a key focus here. With dedicated instructors and great practice facilities there is everything on hand for young would-be golfers to learn the game.

Support is given to players of all abilities and every encouragement given for the high fliers to realise their golfing dreams. We have a number of talented golfers who are coming up through the junior ranks, including several of the best female players for their age in the state.

Whatever their level, golf is a great sport for children to learn. It teaches respect, focus, concentration, coordination and, above all, goodwill towards others. These are life skills that every parent wants of their children.

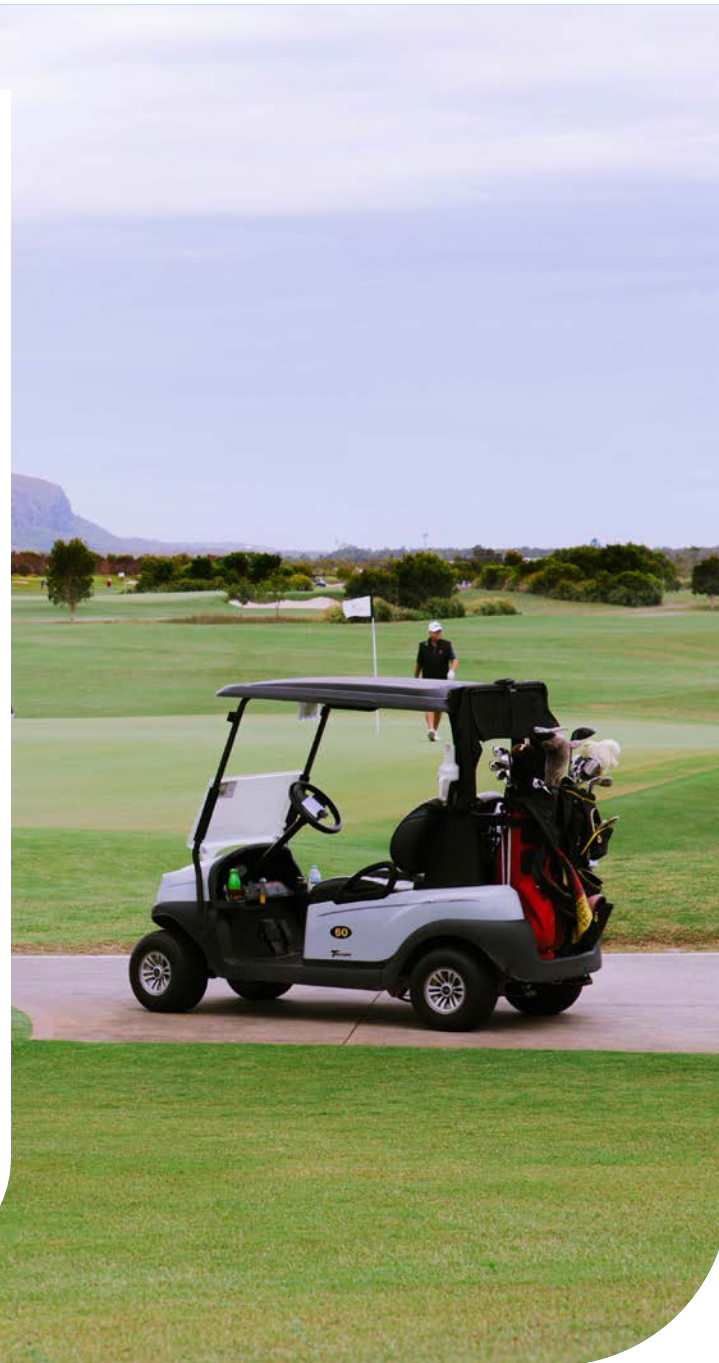

In 2014, in our previous incarnation as Horton Park, the Invincibles Tour voted us the Club which had best promoted Junior Golf on the Sunshine Coast. The program is constantly improving at our new Bli Bli home.

The Club runs clinics every Saturday morning during the school term. Those young players that show talent and commitment are invited to join the Development Squad.

A Cadetship at Maroochy River Golf Club is available to juniors 12 years and under. The annual fee equates to only around a dollar a week and represents incredible value. The cadetship includes free use of the course and facilities subject to availability, range balls at junior prices and a discount per term on Saturday clinics.

This cadetship does not entitle the junior to Golf Australia affiliation or to a handicap.

There are regular special competitions on the course for juniors of all ages. Younger or less experienced juniors are encouraged to come along and play a modified course. For more details about becoming part of the Junior program, contact the Golf Shop on (07) 5457 0900.
